

An Extension Telephone?

An extra telephone instrument connected to your present line is an extension telephone. It costs but a small additional sum and may be located in a different part of the house than the telephone you have now.

In the kitchen an extension enables you to both make and answer calls without leaving the room or deserting the task which you happen to be doing.

In the bedrooms you may telephone in privacy and comfort day or night with an extension telephone.

Our Business Office will arrange for prompt installation or any telephone employee will gladly take your order.

Because of This Spirit

THE biggest thing about your telephone is the spirit of the hundreds of thousands of people who make up the Bell System, of which the Illinois Bell Telephone Company is a part. No matter what their particular jobs may be, they are first of all telephone men and women.

The loyalty of these people to the ideals of their work is reflected in every phase of your telephone service. It shows in the increasing speed with which your local and Long Distance calls are completed. It shows in the greater accuracy with which they are handled. It shows in the wider and more convenient facilities which are placed at your command—extension telephones, intercommunicating systems for home and office, small and large switchboards, teletypewriters and many others.

Every time you telephone, you get the advantage of better and better service at the lowest possible cost.

ILLINOIS BELL TELEPHONE COMPANY

It's worth the price — and more!

Most folks have a telephone; some have two, or more. If YOU haven't, think of what you miss.

In companionship . . . In comfort . . . In freedom from worry . . . In convenience . . . In social activity . . . In the hundreds of ways a telephone can serve you.

For the small sum a telephone costs, you cannot afford to deprive your home of one.

Any telephone employee will gladly take your order.

Or Call Our Business Office

ILLINOIS BELL TELEPHONE COMPANY

IT FITS TODAY'S BUYING MOOD

The telephone meets today's buying temper by giving bigger money's worth than ever before. The coin that buys a call today gets improved service, better voice, and more.
